Long time ago
I thought that
If I would die for something
It's either for glory
or for the country
That's what I thought

But right now

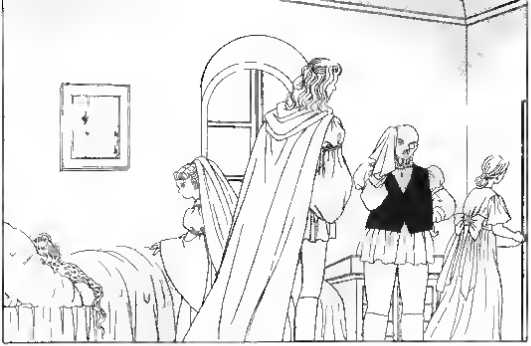
I think that it wouldn't be so bad
to die like this

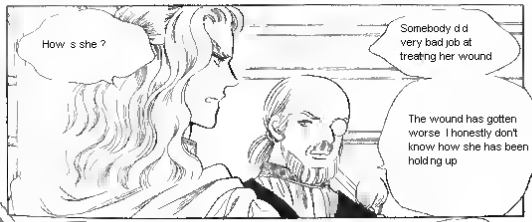
Eshild
Eshild

Open your eyes.
Eshild.
Th s snt work ng
Anyone
But
Even so

I would be resented to death f l d e by a fool lke h m
What ?
I can't hear you
No one must know about th s
Call my maid I need to dress up

www.janimes.com





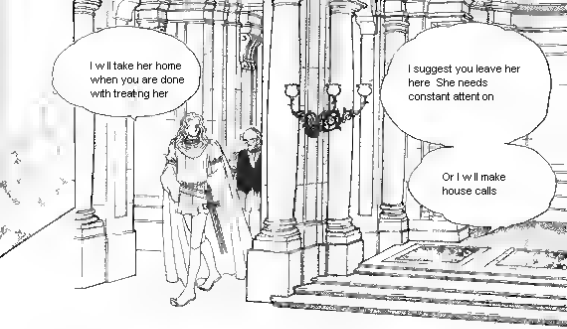
How s she ?
Somebody d d very bad job at treating her wound
The wound has gotten worse I honestly don't know how she has been hold ng up

D d you call a doctor ?
I had to call a doctor from outs de No one mustn't know So
Isn't there a doctor n the house ?
I could only call the doctor tw ce

Oh, my God.
This is so stupid.
Doctor she isn't n danger s she ?
Just be glad that she d dn't pass away
I don't know wh ch house she belongs But her fam ly seems to be r ch Why d d you leave her to be l ke th s?

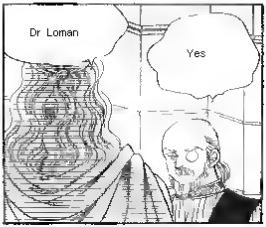
That's what happened really.
She sneaked out at night few days ago and came back with a wound on lower leg.
I asked her who, where, and when but she wouldn't answer me.
She sa d no one mustn't know So_I couldn't do much I was so worr ed 'f anyth ng bad would happen to her
I was so worr ed that I even thought about call ng you

I know that if there s anyone she trusts It d be you
It m ght be better that you marry her
Watch your mouth
Oh I am sorry
I was careless
Say ng that won't get you k lled but Esh ld
I w ll keep that n m nd



I w ll take her home when you are done with treating her
I suggest you leave her here She needs constant attent on
Or I w ll make house calls

I w ll be back tomorrow



Dr Loman
Yes

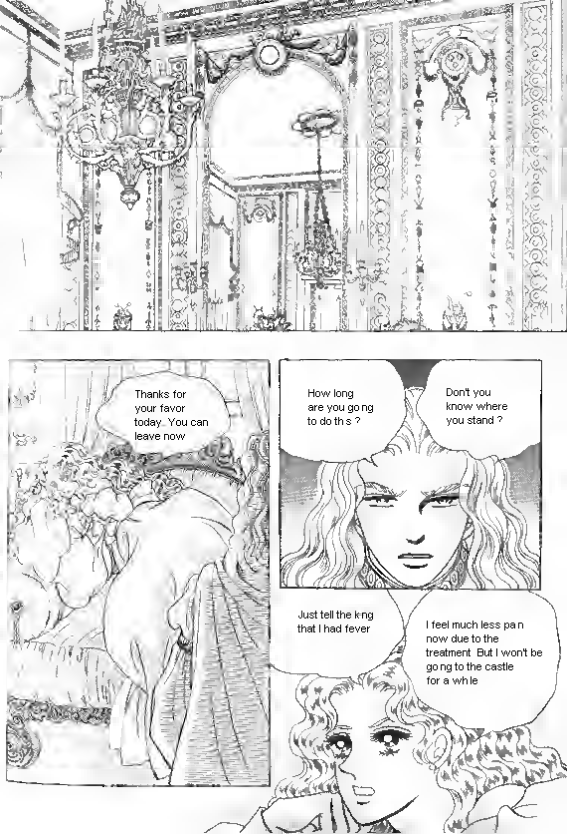
Th s s only between you and me

I understand

Money wasn't delivered ?!
You report this now ?

We assumed that it would arr ve late
We thought that you had a stuat on and the money was be ng delayed
That money s for the army
They dared to flee wth the money ?
I don't th nk Jaba would betray you
Maybe someth ng happened to h m
The publ c security has been rather havoc lately wth all the mercenar es
They were with a lot of money They would have been a good target
Wander ng mercenar es can't k ll them

Dear ?
I told you not to disturb me
It s
Th s is a very important meeting Please excuse yourself
I am sorry ma am
Forget It
Esh ld hurt her ankle and the Va da carr ed her home
It s not a b g deal
Does he even care about h s daughter at all ?



Thanks for your favor today. You can leave now
How long are you going to do this ?
Don't you know where you stand ?
Just tell the king that I had fever
I feel much less pain now due to the treatment But I won't be going to the castle for a while

You were wounded b a sword. Yet you don't tell me. No, you can't tell me.
Does it have something to do with the time we dressed up and attacked men with gold?
You told me not to ask anyth ng at that t me as well
I was hurt that time and you are hurt th s t me It may not end so eas ly next time
I was careless That is all
I learned my lesson If I don't kill them, they k ll you
A moment of compass on m ght end up destroy ng me ... I learned

A moment of

Please rest well.
I will come back tomorrow.

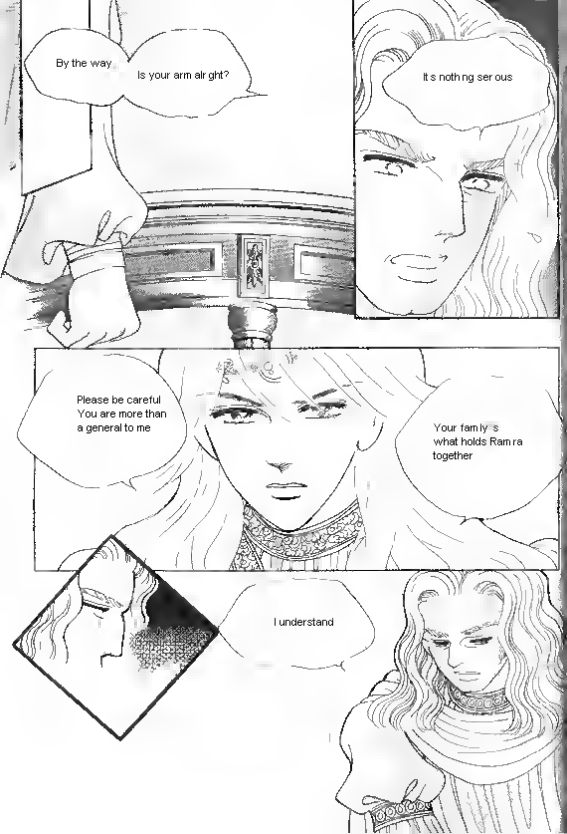
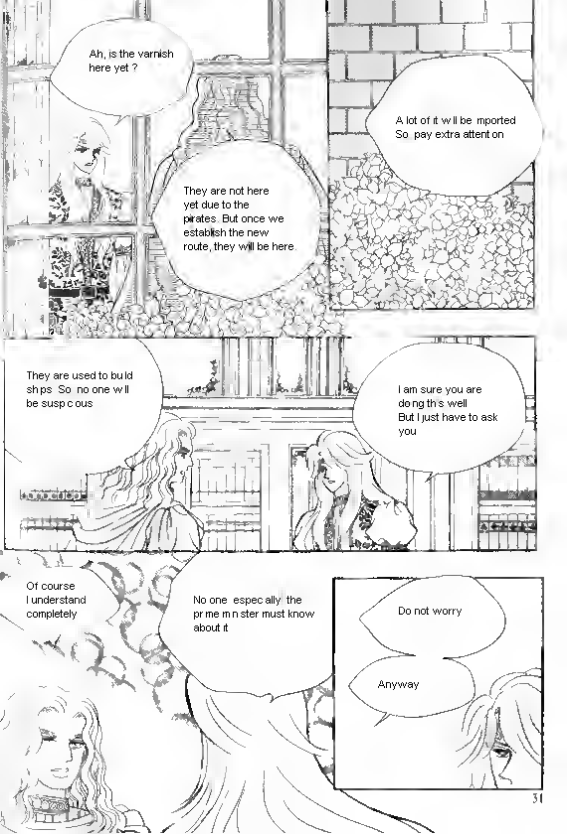
Ths s where Barbara sea and Red sea meets and creates strong sea flow due to d fferent n temperature and sal. Lumer strait
If the p rates are ndeed from Anator a. th s s the only place we could send the sh ps to
Lumer strait I see
Anatora
Barbara sea
Ska-
dor
Ramra
Red sea
Korshka

Even with the mercenaries, we will need time to check on their identities and train them.
If we stop all trades while doing so, we will be loosing enormous income
Furthmore, we need to show them that we can fight back
Yes, it may be possible with Lumer strait
Sea flow within Lumer strait is very strong and fast. With Ramra's naval skills, we will be able to sail there whereas Anator captains won't be able to
Fine
Yes, sire
You must proceed with this secretly

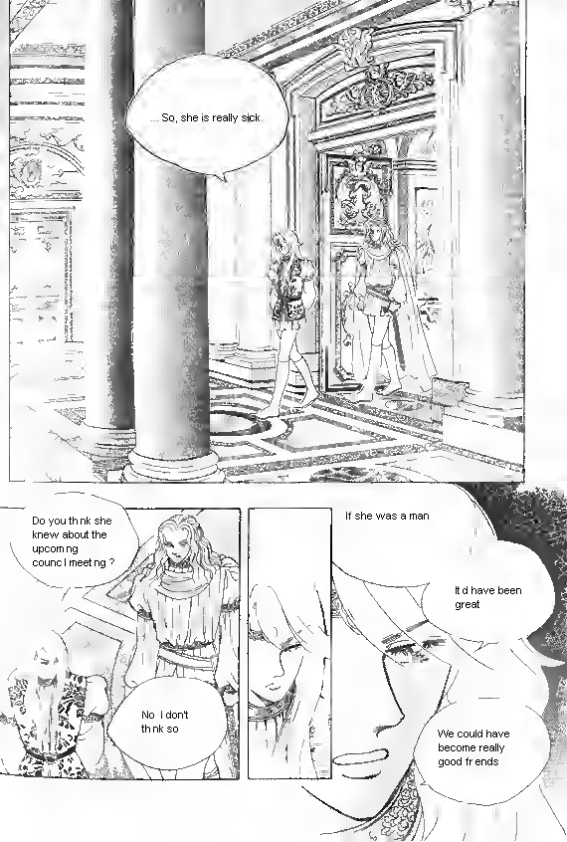


By the way
Is your arm alright?
It s nothing serious
Please be careful
You are more than
a general to me
Your family s
what holds Ramra
together
I understand

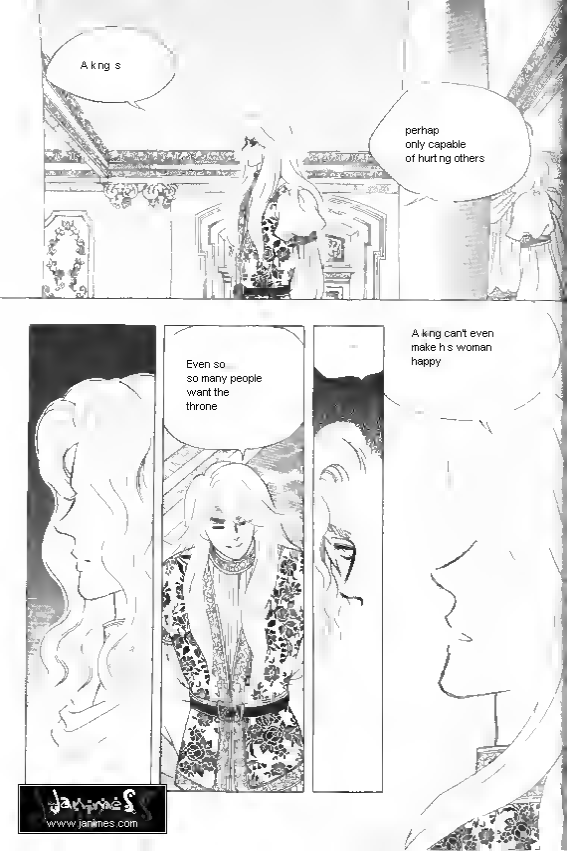


Ah, is the varnish here yet ?
They are not here yet due to the pirates. But once we establish the new route, they will be here.
A lot of it will be imported So, pay extra attention
They are used to build ships So no one will be suspicious
I am sure you are doing this well But I just have to ask you
Of course I understand completely
No one especially the prime minister must know about it
Do not worry
Anyway

Th s may be just my concern
But I don't want Leo to know about th s
I w ll have to tell h m one day But for now, I have no ntent on to tell h m
He has enough on h s shoulders already
t s reported that Anator a has been mport ng far amount of varn sh as well
Due to the p rates gather ng nformat on has become harder but t s also reported that there s constant movement of people n Anator a itself What seems susp c ous s that there s no concentrated spot for the movement
Buy nformat on from Skador f you have to And we should prepare for the worst

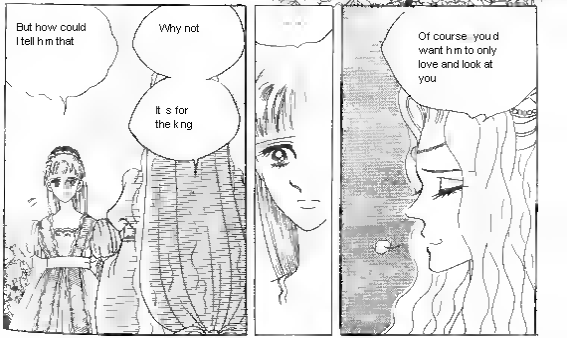


...So, she is really sick.
Do you th nk she knew about the upcom ng counc l meet ng ?
No. I don't th nk so
If she was a man
It d have been great
We could have become really good fr ends



www.janimes.com

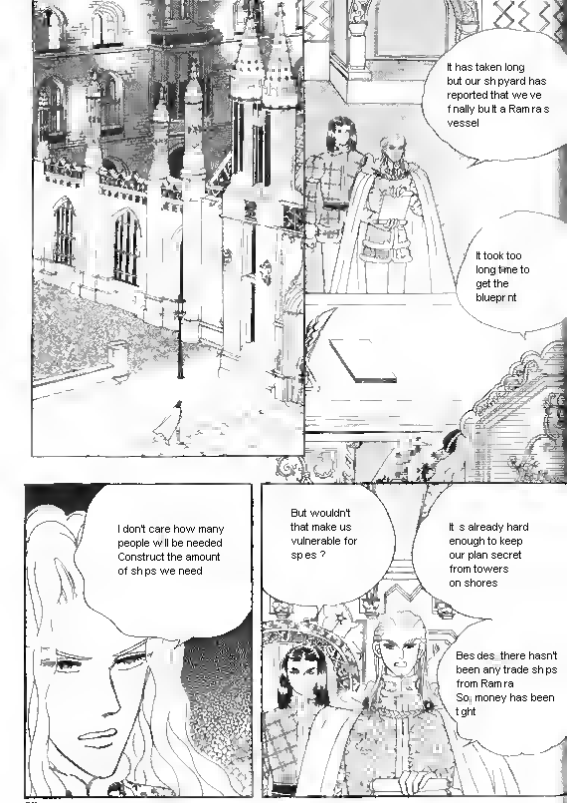
Mother !
Don't act so surprised
If there was an elder in the royal family, it'd have been done already.



But how could I tell him that
Why not
It s for the king
Of course you d want him to only love and look at you

But as you know
The Pyorodoba lacks members
Even with your child Ramra's future is too hazed
Only when there are many king's children Ramra can be stable
But how could I tell him to sleep with other women?
How could I even bring up the topic to him?
Queen Paradidit
I think
I understand why she brought me back to the castle a bit now

... For Ramira ...
... For Ramira ...
Everythng goes to the path
A sad fate for every woman who loves a k ng

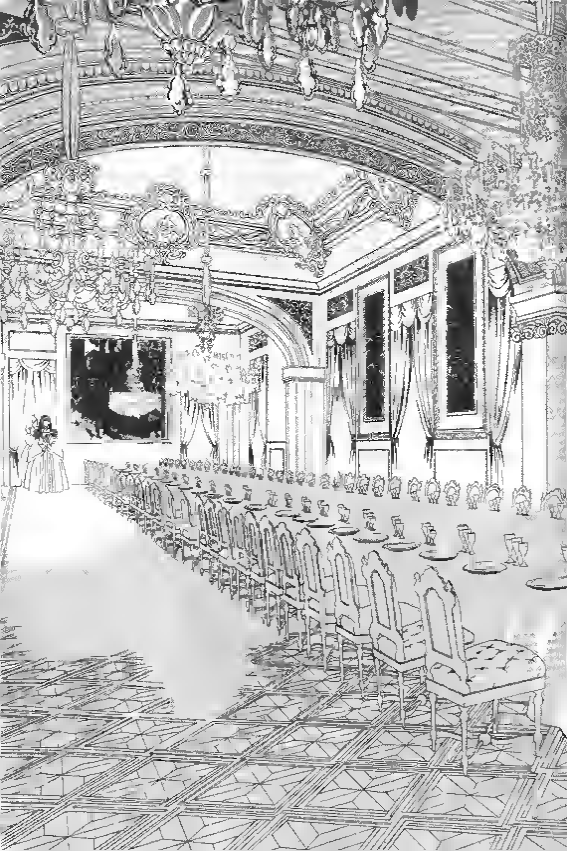


It has taken long but our shipyard has reported that we've finally built a Ramran's vessel
It took too long time to get the blueprint
I don't care how many people will be needed Construct the amount of ships we need
But wouldn't that make us vulnerable for spies ?
It's already hard enough to keep our plan secret from towers on shores
Besides, there hasn't been any trade ships from Ramra So, money has been tight

Don't worry about the money.
Because of Ramra's recent action to buy mercenaries have created havoc for many places. They won't notice our moves.
Make sure that the shore s secure and do not let any Ramr an to be aboard our sh ps
Kill them f you need to
Sir, that s v olat on of A S R treaty
If Ram ra ambassador f nds out it won't be pretty
Kill the ambassador then

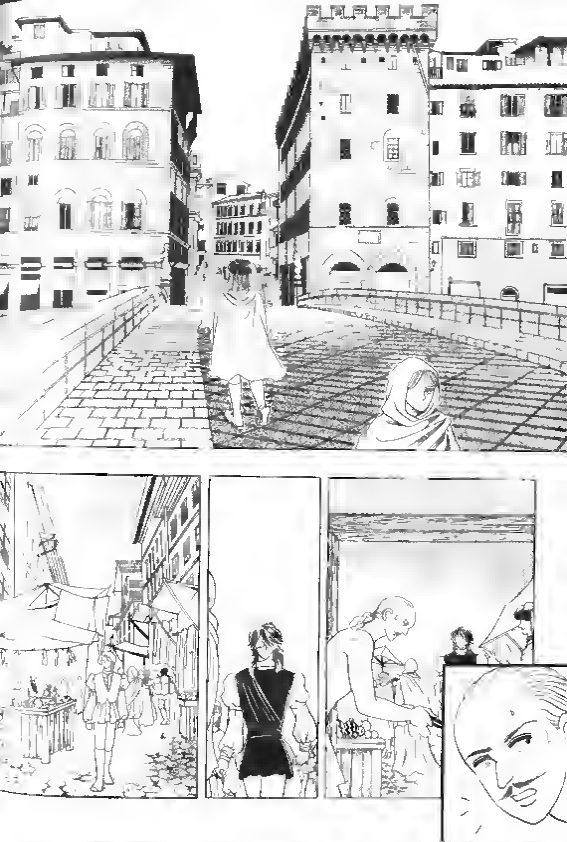
La...

It looks like the word was true that she was studying hard
As soon as the doctor permits she s going to learn dancing
She better learn everything quickly so that she will be the main character in the party
Let s not disturb her Let s go
Leaving already ?
No I am going to look at the hall
Would I order them to light the hall ?
There s no need



The tables and chairs will be removed when the party is hosted
I heard the former king used to party all the time in here?
This hall must have been busy all the time
Ever s nce the k ng has taken over there has been no party
That s because host ng part es was h s cover
He used to have part es often when he wasn't the k ng though
But now
Wait a second
Why d dn't he oppose me when I told h m that I was go ng to host th s party ?

www.jaimes.com



Hello

Would you like the throwing knives again?
I will think about it when I need more
Yes?

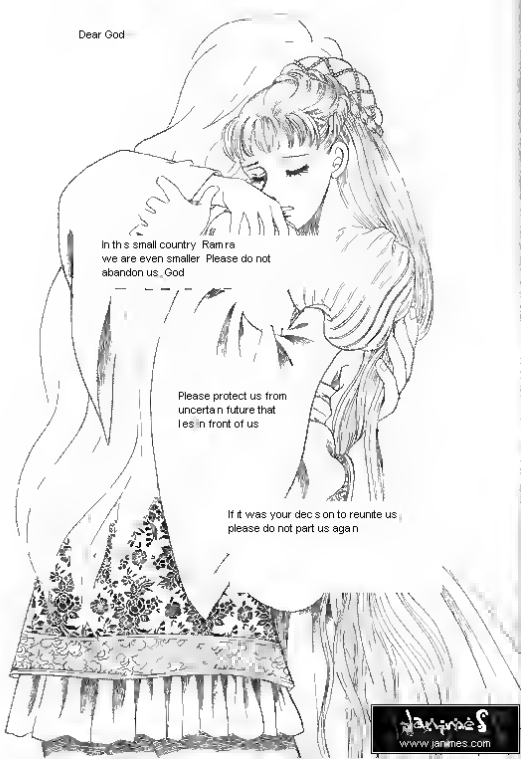
Unt l g ve brth to the baby I th nk I should stay n the pr nce s castle

You see
You are the only one for me
Without you noth ng means anyth ng for me
Wh le you were gone..
Erene sent a lot of women to my room at n ght
But I felt noth ng from them
But you need many ch ldren You should have some m stresses

Eli, are you a cruel person ?
I can only love you.
Won't you feel pity from women I've slept with who will only be able to look at me and sigh?
Only one love
Only one mnd

I do not want to make any woman soaked in tears and long for me
So don't have such thoughts
All I need is you As long as I can look at you It doesn't matter
It s bad for the baby
Just be on ease
Be happy
I w ll let you l ve n peace
Do you trust me..B ?
Trust me ?
As long as you trust me I can do anyth ng



All we can do is love
Dear God
In this small country Ramra we are even smaller Please do not abandon us God
Please protect us from uncertain future that lies in front of us
If it was your decision to reunite us please do not part us again

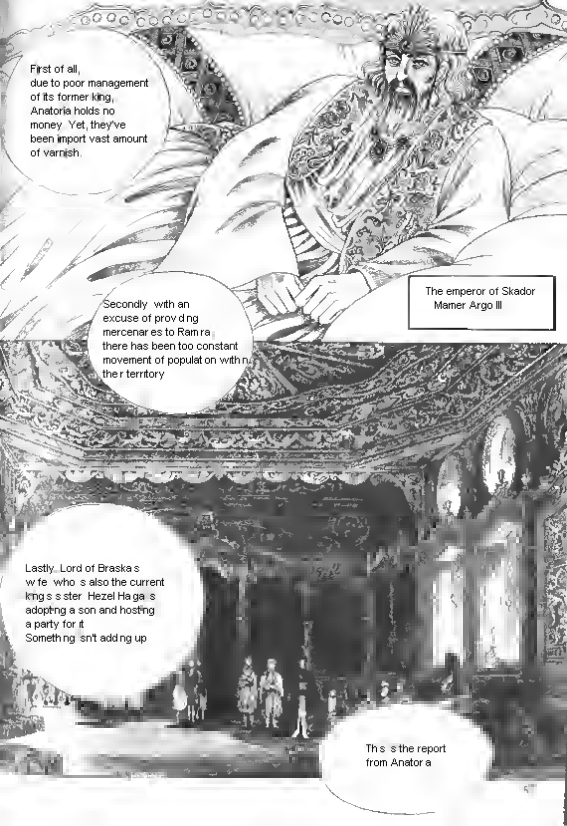
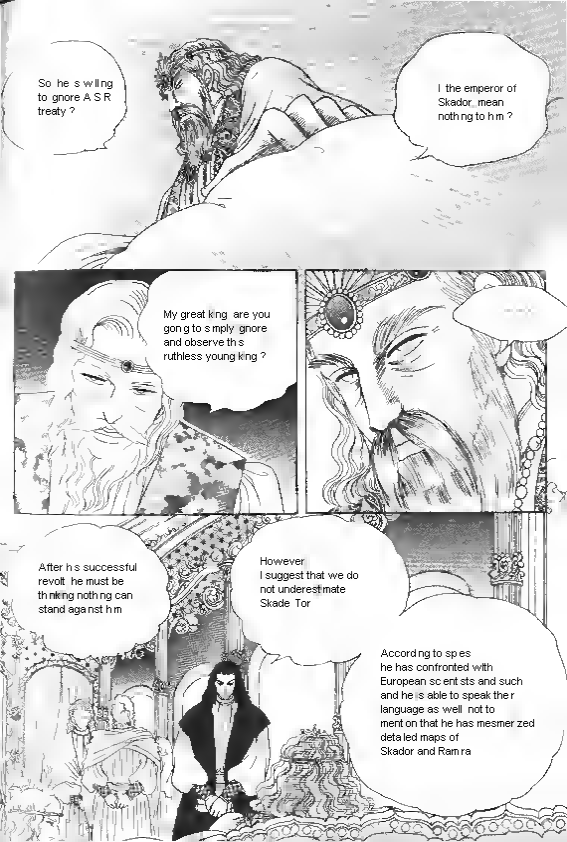
Skador royal castle



First of all,
due to poor management
of its former king,
Anatoria holds no
money. Yet, they've
been import vast amount
of varnish.
The emperor of Skador
Mamer Argo III
Secondly, with an
excuse of providing
mercenaries to Ramra,
there has been too constant
movement of population within
their territory
Lastly, Lord of Braska's
wife, who is also the current
king's sister Hezel Hagia is
adopting a son and hosting
a party for it.
Something isn't adding up
This is the report
from Anatoria

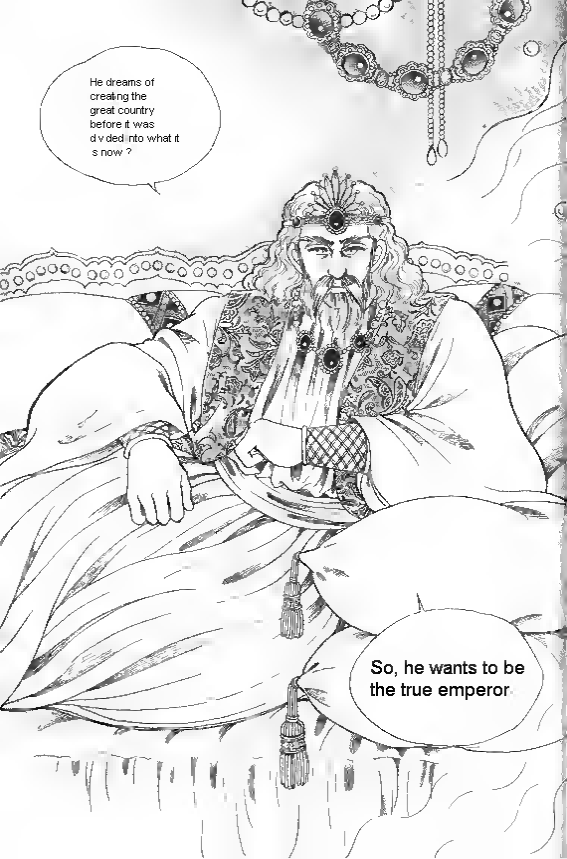
I suppose Ramira already knows this ?
They have more eyes than us
I am sure they knew th s even before us
Why would they import so much varnish ?
Anatoria used to be called "The shining country". But that was a long time ago. Now, they don't have any special products or skills. They won't make trade ships. So, it's obvious.
They must be constructing naval vessels to invade Ramira
Skade Tor... you have too much ambit on for someone so young



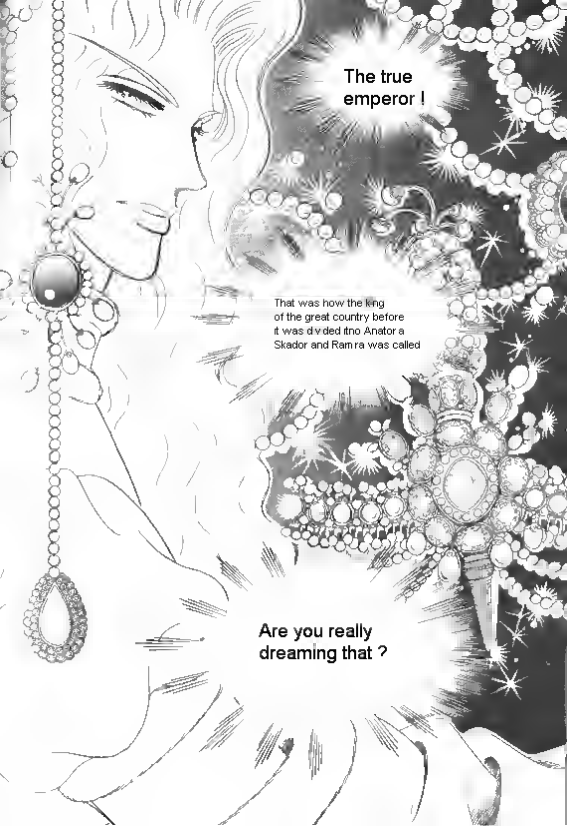
So he s willing to ignore A S R treaty ?
I the emperor of Skador, mean nothing to him ?
My great king are you going to simply ignore and observe this ruthless young king ?
After his successful revolt he must be thinking nothing can stand against him
However I suggest that we do not underestimate Skade Tor
According to spies he has confronted with European scientists and such and he is able to speak their language as well not to mention that he has mesmerized detailed maps of Skador and Ramra

Father like son, their ambitions are great, but too big for their own sakes.
The king of Ramira is young. So, he must be underestimating him. But I say the king of Ramira is a young tiger.
The Pyorodoba II was physically weak, but h's diplomacy skill was the best
His son, the king Byon may be young, but look how much active and growing economy they have. His country may be small, but his diplomacy skill isn't any worse than his father. He has kept his country well secured so far.
Not only that the only approved gold coins in the world is either from Ramira or Venezia
Furthermore, the Vada has been the best generals for generations.
And their prime minister, the Barder has been a great merchant family and good with diplomacy. Their personal business is spread so well throughout the world.
Lastly, they are extremely wealthy. Not only the king, each family is as rich as the king.

If he ignores A.S.R. treaty, not only Skador, Ramira won't be an easy opponent.
Anyway, if Anatoria begins their invasion, it won't be pretty.
He is blinded by his own greed. He fails to see his doomed future he is creating.
We should stop them before they mess things up
If he raises, I will support Ramira.
I honestly don't know what's making him push over his limit.
It is said that he dreams of reunion of the three countries.



He dreams of creating the great country before it was d v ded into what it s now ?
So, he wants to be the true emperor



The true emperor !
That was how the king of the great country before it was divided tno Anator a Skador and Ram ra was called
Are you really dreaming that ?

www.janines.com

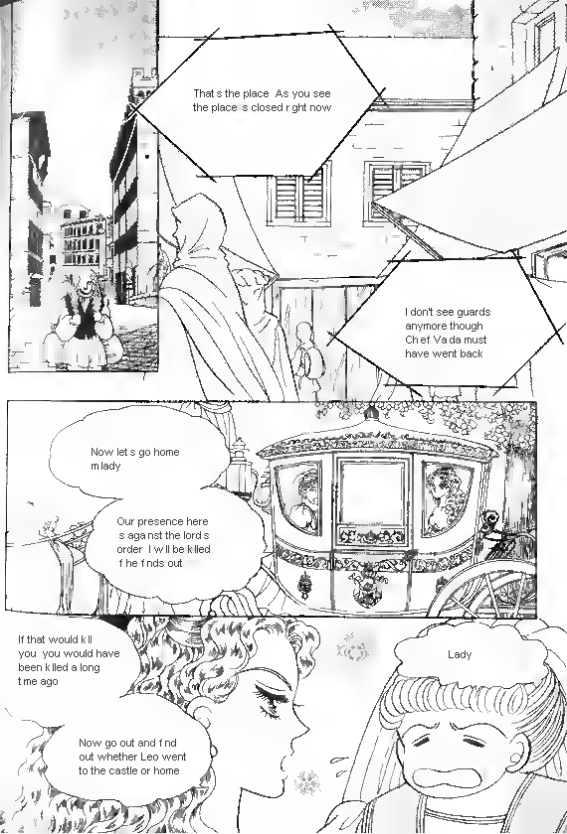
Are you going to be late ?
I don't know purpose of th's counc! So I can't say
I heard that there was a murder happened at blacksmith The publ c has been pan cked by it
I know
Leo hasn't been home for a whle because of that I thnk
I w ll go now

Mlady, the lord s here
I thought you had the council meeting today.
hurt your leg ?
It's nothing serious
You are a woman. Act like one. You are not arkd anymore
No longer the k ng shows no nterest n you

Dear ng
The whole city is n havoc because of the throw ng kn fe murder. Do not sneak out of the house l ke before and stay out
Throw ng kn fe murder?
We don't know who. But some people were killed by throwing knives.
Haven't you heard of it already ?
You know news about clothes and jewelry
Perhaps..it was good that you hurt your leg at a t me l ke th s
At least you won't be sneak ng out for a wh le
You are go ng to be late Go now go
I brought you to here to comfort her You are throw ng o l to f re

From what people say, the murderer raised his arms for a moment and two guards just fell to the ground.
A small knife was stuck at their hearts. So, they died instantly without screaming
Could it be
Anyone saw his face ?
Yes he had a big scar on his face like this Isn't it amusing that he has been walking freely in the city all this time ?

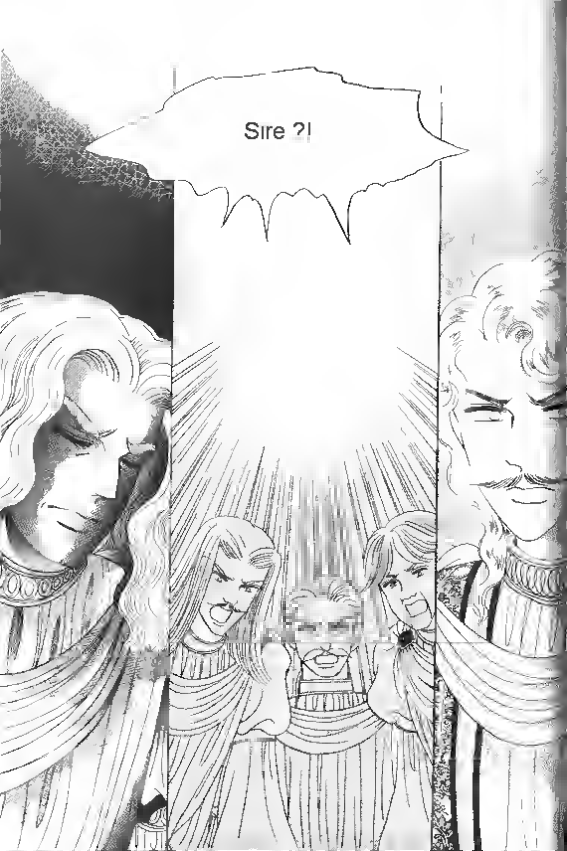
a scar ?
Chef Vadas investigating the matter now
Which was how I was able to gather all the info
It seems the dead guards were his men
Are you saying Leo knew that the murderer would come to the blacksmith ?
Yeah ?
Ah lady !
Don't tell me that you are going out with that leg!!
I knew this might happen
That's why I gathered all info I could Ask me if you want to know more
Let go of my dress



That s the place As you see the place s closed r ght now
I don't see guards anymore though Ch ef Va da must have went back
Now let s go home m lady
Our presence here s aga nst the lord s order I w ll be k lled f he f nds out
If that would k ll you you would have been k lled a long t me ago
Lady
Now go out and f nd out whether Leo went to the castle or home

Sire -
What did you just say ?!

Bancasta Rodyt someone you recognize as Bi who s the daughter of Erene who was my nursemaid has been married to me
So today s meeting s to give Bancasta Rodyt a proper social rank for being my bride
So the reason we were summoned here today s to rank your mistress ?
Sire you could have done it alone
No not mistress
She will be the legitmate queen of Ramra



Sire ?!

She s already pregnant
Her ch ld w ll be my her
Not poss ble
No..not poss ble Sre you already have a f ancee m ss Barder
Only the marr age between you and m ss Barder w ll be acknowledged by Skador and Anator a
Accord ng to A S R treaty only approved marr age can be acknowledged Other women you choose w ll only be m stress

So...
If Skador and Anatora acknowledge Bi
She will be legitimate queen?
That s
No...sire
Only marriage between you and miss Barder will be acknowledged

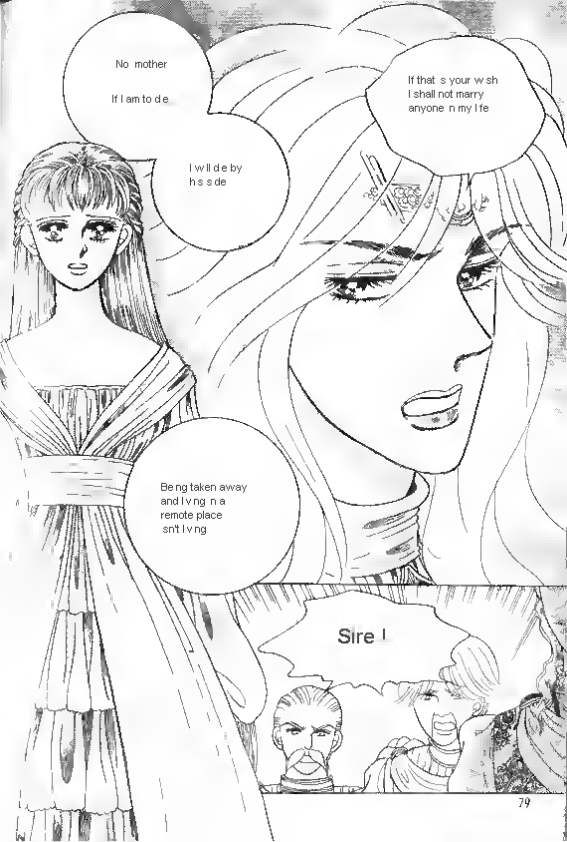
Jaynes
www.janines.com

So accordng to you
If m ss Barder happens to pass away
I w ll not be allowed to marry anyone else ?
Sire !
It s not that
Please be cons derate
I am sorry to say th s to you s re but you are be ng stubborn

No, it is you elders who are being stubborn !
The marriage you keep referring was none of my choice !
Miss Barder also has no will to make this marriage work
Miss Barder is not an ordinary woman But because of being born in such a small and weak country, she was locked up by this so called arranged marriage
It's not too late to break this invisible cage for both of us and regain what was once ours freedom
You are NOT even willing to bring this to Skador and Anatora All you are doing is simply refusing to change
That means that none of you respects me as a king or an adult

If you are my people
my w ll must be your
pr ority
Many of you are
known for good
skl at d plomacy
and negot at on But
none of you are
w lling to work for me
What s the reason ?
If Skador and
Anator a doesn't
acknowledge and
refuse you w ll
have every r ght
to refuse th s as well
Unt l then
You should be on
my s de
Do you even th nk
me as the k ng ?
Or just a k d on the
throne ?

If
they don't acknowledge B
I will be a king who can't even marry on his will. A puppet king so to speak.
You must have married where no one was present. No one acknowledge such a marriage.
If you announce, it will only create havoc and it will threaten Bl's life. Don't you already know that ?
I am not even allowed to call my br de w fe A useless king A useless man
If you do love B! you should ether let her l ve n shadow
leave ...



No mother
If I am to die
I will die by his side
If that is your wish
I shall not marry
anyone in my life
Being taken away
and living in a
remote place
isn't living
Sire !

So the cho ce s up to you now
Either make the marr age I just told you work
Yes Bi I feel exactly the same
If it sn't with you
or let me l've alone for rest of my l fe
it sn't l v ng

In the meant me
If marr age between B and me doesn't become legal and I d e wthout a br de the chld between B and me shall be the legit mate he r of th s country
If you are even aga nst that, I w ll adopt the chld and then the chld w ll be the her
In d stant future scholars call what happened today "Declarat on of Lana" by one of the greatest king ever existed n the h story Biyon Kakan Pyorodoba the th rd What he d d at the very day was clearly dent fy ng Pre a Pyorodoba and ass gn her the her of Ramra Th s p ece of moment becames extremely vital to h story of A S R

So,
no matter what
you are not
go ng to marry
my daughter?
Unfortunately
I d have to say
no

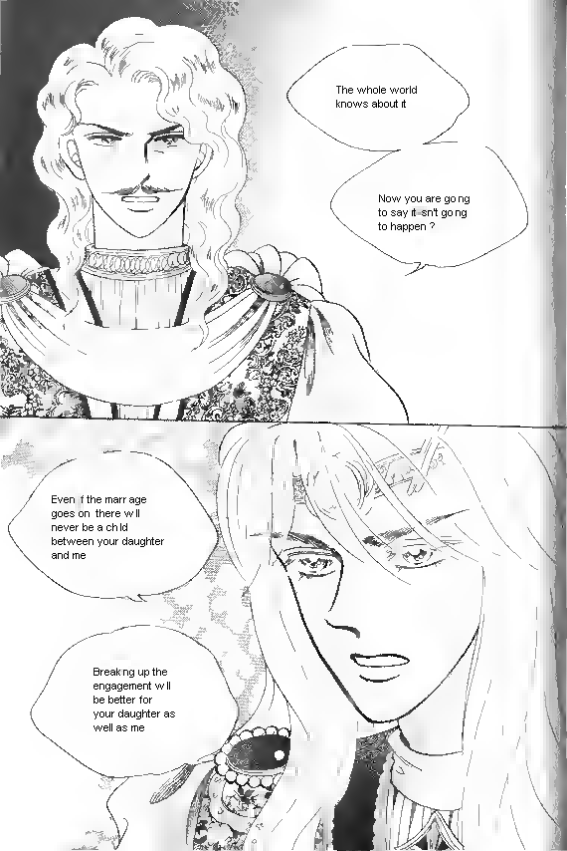
Yes, that dress suits you well also.
Shining black hair, black eyes, and fairly small figure for your age with mythic purple dress.
A golden dress lady
What s the next one ?
It d work for your debut party Let s see how well she looks n It
Yes



The whole world knows about it
Now you are going to say it isn't going to happen ?
Even if the marriage goes on there will never be a child between your daughter and me
Breaking up the engagement will be better for your daughter as well as me

How can you say that it w ll be better for my daughter ?
Because I know myself and what I would do f the marr age d d go on

Hmm

Now
what gem should

The geen from

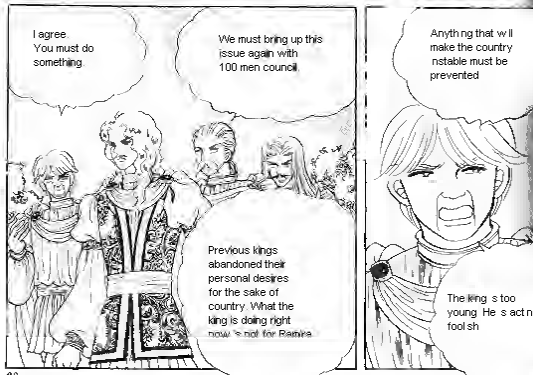
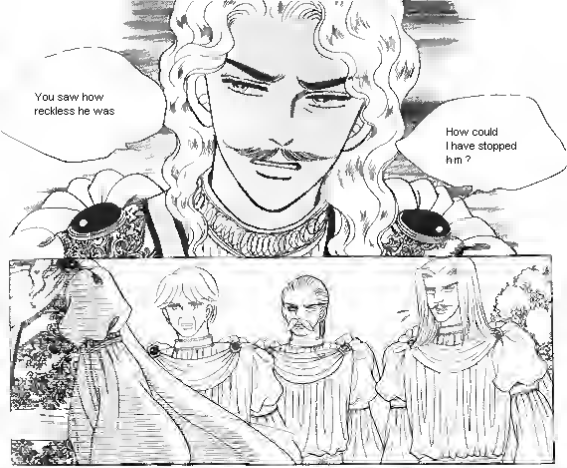
Try both

My God ! look at the gems !
She must have prepared every kind of gems
Why is she showing so much attachment to that woman ?
Even she doesn't use that much gems herself.
Is she really going to give those to her ? Those are a lot of money I reckon
Diamonds look better Use diamonds
Next
A red dress with silver trimming, lady
This one ?
Go now

Why did you withdraw so easily ?



I agree. You must do something.
We must bring up this issue again with 100 men council.
Previous kings abandoned their personal desires for the sake of country. What the king is doing right now is not for Rambia.
Anything that will make the country unstable must be prevented.
The king is too young. He is acting foolish.



You saw how reckless he was
How could I have stopped him ?

I am leav ng Don't get me nvolved with th s anymore
Pr me m n ster

I am leav ng

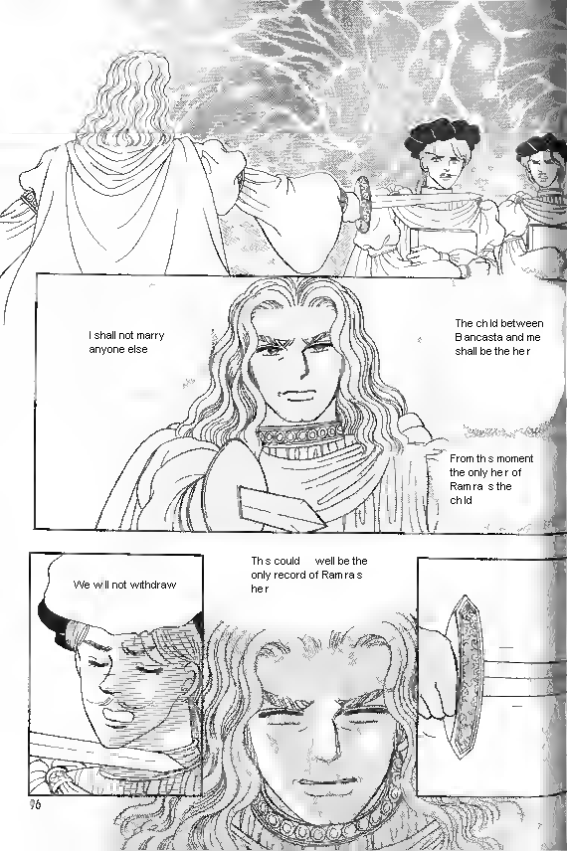
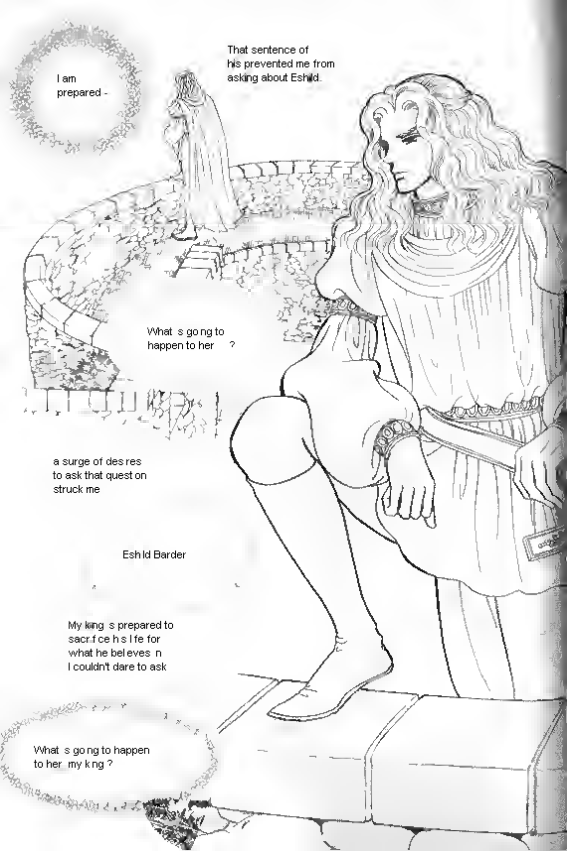
The king's words, delete them.
General, we cannot do that.
We are clerks of Ramira. We've taken an oath that we'd never let it be modified from its original state even if it means cost of our lives.
Cost of your l ves?
Even f we forcefully delete the record here. we w ll write it aga n Unless you k ll us you w ll not get the record from us
You th nk I can't k ll you ?



I shall not marry anyone else
The child between Bancasta and me shall be the heir
From this moment the only heir of Ramra is the child
We will not withdraw
This could well be the only record of Ramras heir

The king has been looking for you.
Chief guard's here, your majesty.
Where have you been ?
Outside of the castle for a bit
Increase size of the royal army as much as possible

Did something happen again, sire ?
I've not fed the council of the marriage between Bi and me
Bi"s safety will be threatened again
Your safety will be as well.
I am prepared for the circumstances.



I am prepared -
That sentence of his prevented me from asking about Eshild.
What s go ng to happen to her ?
a surge of des res to ask that quest on struck me
Esh ld Barder
My k ng s prepared to sacr.f ce h s l fe for what he bel eves n I couldn't dare to ask
What s go ng to happen to her my k ng ?

Halt
Uh, hey, this is the Barder's carriage
What s it ?
I am very sorry, but the port is over crowded with mercenaries
We are restr ct ng any traff c to outs de
Go ng out without any guards is extremely dangerous Please turn back
I told you so Chief Vada has gone to the castle We should get back home before lord Barder returns

I saw quite many mercenaries within the city. What's the purpose of this ?
Mlady, unexpectedly too much mercenaries have entered the country. For temporary solution, they will only be allowed to stay within the port
Right now we are blocking every path to the city and we will be driving out mercenaries within the city to the port
That much mercenaries are in the counry ?
We just need to go there for a moment Step aside
Mercenaries are reckless I cannot allow you to leave the city unless with guards
Argh if it wasn't my leg I would have thrown away this burden and steal a horse
I am glad to be your burden

janines

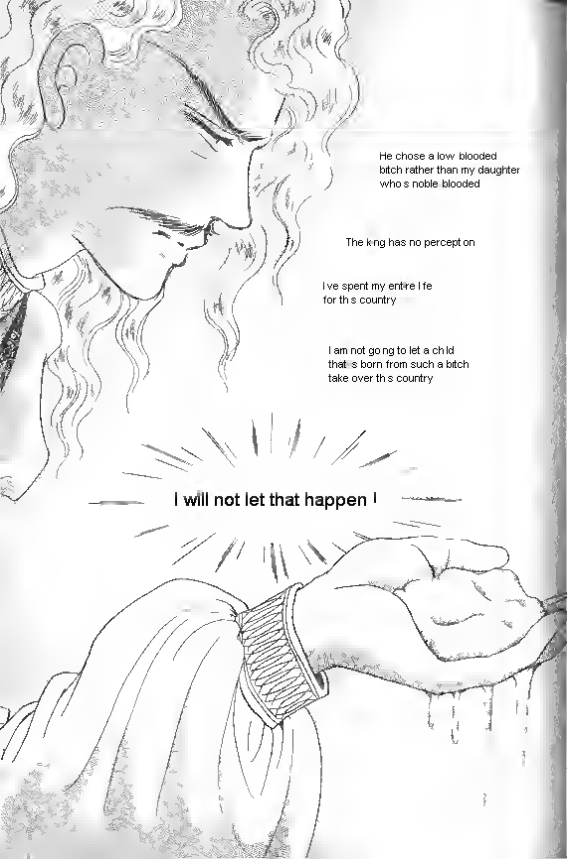
I was try ng to figure out a spot where I could h de from eyes and look nto father s off ce well when there are many people n h s off ce

If I give a sign, my men who are hiding right now will create havoc
Should we continue our conversation here or do you want to come in?
What a le about the men
Don't you th nk letting me enter there would be more dangerous?
If th s isn't my last day
I w ll ve

You forced me to do th s..Biyon
Pyorodoba the second
I was loyal to you at least

I've done so much work for you since you were physically weak
I've done dirty works for you
Because I had no son, my wish was
to put my daughter next to the throne queen
Only if you did not hold Vadis's hand when you died

Would you make your daughter the queen and let her suffer for 3 years
or would you just let her be engaged for 3 years
And only f you weren't so rude to me
I wouldn't have been prepar ng
for th s all th s t me
If Skade Tor hadn't suggested to betray
Perhaps I would have never thought of be ng the k ng myself



He chose a low blooded bitch rather than my daughter who s noble blooded
The k ng has no percept on
I ve spent my entire l fe for th s country
I am not go ng to let a ch ld that s born from such a bitch take over th s country
I will not let that happen !

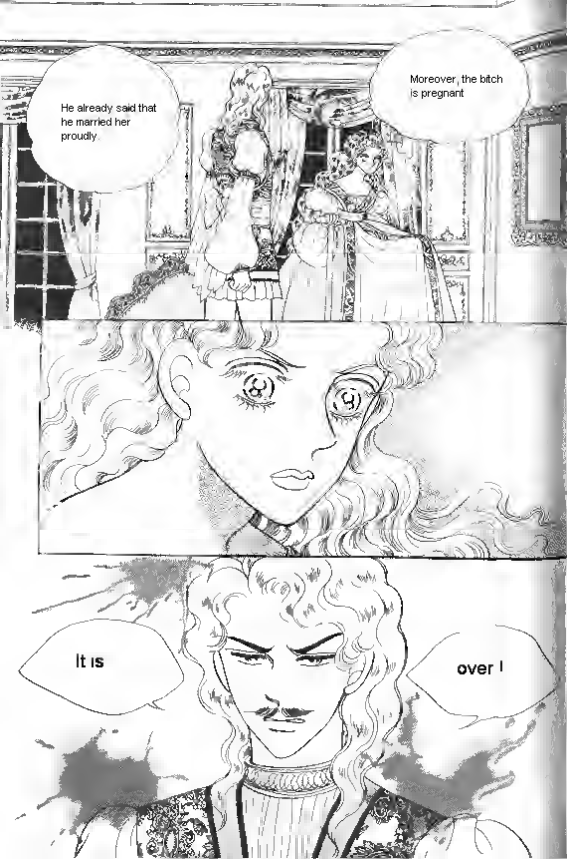
I've brought medical herbs that are good for your wound.
The herbs might even prevent possible scar from the wound.
If you have means to do that why did you leave the scar on your face ?
So.. you know much
There are much I want to know as well

First of all, I want to know who you are.
And which side you are on.
And why you are watching over this house.
Don't ask unless you want to get hurt!
I am already hurt!
Milady the lord is coming here

Father -
You do know that there was a counc l meet ng today
The k ng has announced th s off c ally

www.janimes.com

Princess



He already said that he married her proudly
Moreover, the bitch is pregnant
It is
over !

Well, that was simple.
Depending on how one'd take,
it can be simple
or can be complicated.
How
are you going to take it ?
How do you think I should take it ?

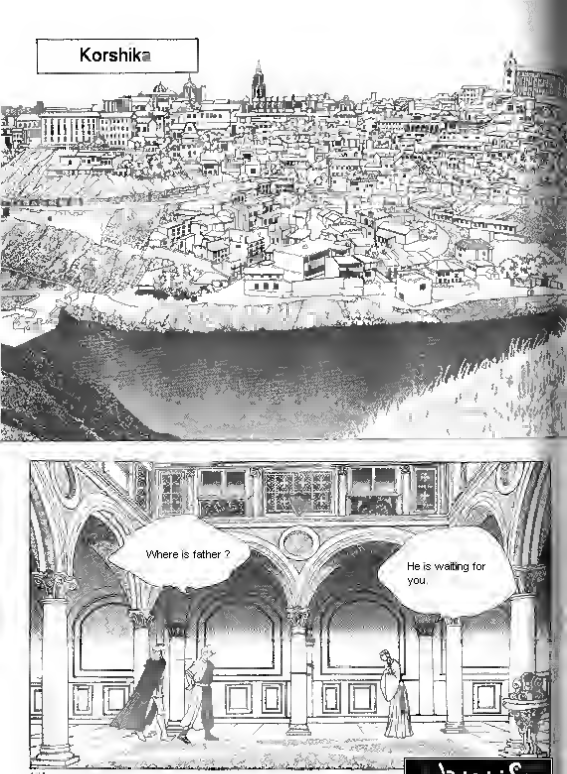
Better be safe
Father, you've always
told me one thing
Be the queen
You have to be the queen

For the Barder
For Ramira
Regardless my thoughts,
You've taught me it was my only fate ever since I was young.
Are you saying you were cold to the king
because it wasn't your wish ?
Does it matter really ?
Have you ever considered my feelings?
You don't need my thoughts You didn't consider me your daughter I was just a tool for your greed for power

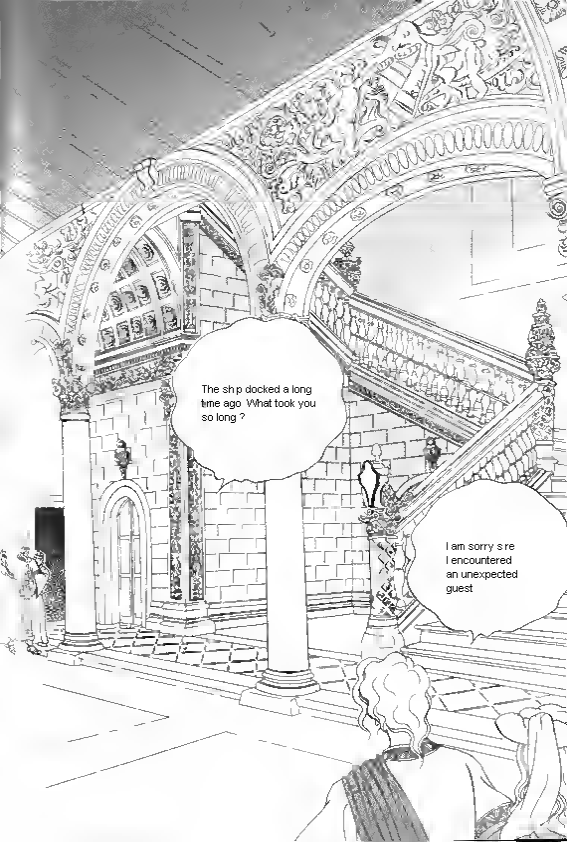
Now you ask me how you should take the king's announcement.
Do I even have the right to give you my thoughts?
It s you who will dec de in the end
If you say it s over then it s over
I am your daughter All I can do is be marr ed to someone you th nk s useful for your plan What can I do ?
L ke you sa d
I ve always told you that you must be the queen

I believed that it was for the name
And for the Ramra itself
And
it was the best position that a woman could have.
You are my only child.
You meet all the requirements to be on the highest position.
I cannot allow any woman look down at you
And no woman will

That is my decision.
You don't seriously think that killing her will solve this, do you ?
What I am going to do .
All you need to do is just watch
What I can promise you is that
The king will pay for what he has done to me
I swear on my name Barder!



Janmes
www.janmes.com



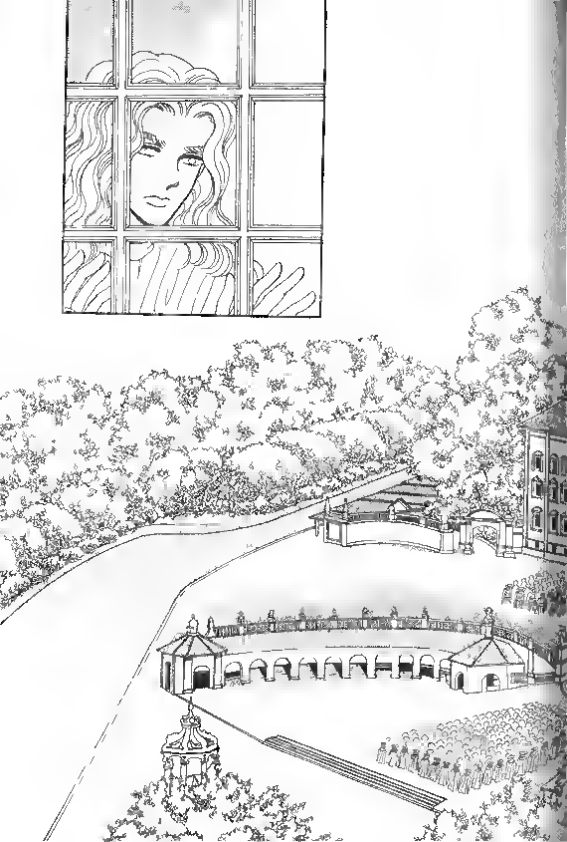
The sh p docked a long time ago What took you so long ?
I am sorry s re I encountered an unexpected guest
Girl

Naru Vaida of Ramira greets you, your highness.
Naru Vaida ... Leonardo Vaida's cousin ...
How have you been ?
So, you remember.
How could I forget? You were one of the sworn guards of my daughter, Para, no, the queen Para.
Byon How's he doing?
No, let's go in first Let's talk inside

Aren't you going too far with this ?
Don't worry All you need to care is your safety
My her w ll not be from a mistress
But everyone s aga nst you Will Skador and Anator a approve ?
One can't be the queen f those two country don't approve Isn't that r ght ?
I am f ne wth just be ng by your s de

I will make them approve
I have means to make them approve.
So until then you must take care of yourself
Bill and the child
It's my life

What's this noise?
Didn't you know? Soldiers of Vada are gathering at the central district



Father -
From the council meeting three agreed to open the 100 man council
As you probably know it's about Bl
If it passes
No I have a feeling that the king will make it happen
In the meantime he will also send messengers to Skador and Anatora

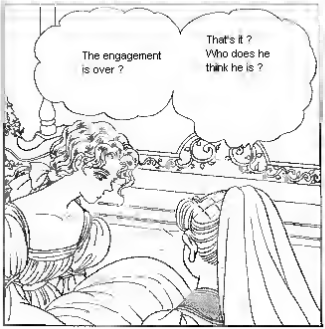
Will the Barder do nothing?
For some reason, he is very quiet.
He should have been against it at all cost, but he 's just sitting back
And that worries me
Even so, bringing our family's men to the castle Isn't it a little extreme ?
I can sense the Barder's true intention
The Barder has never really been truly loyal and B's issue will light the fuse. I believe
Other nobles who are aware of his intention
Already quite many mercenaries in the portion disappeared into mountains
Might support him rather than the king And if the king tries to force them to agree it may bring the worst earlier

The reason that the Barder is just sitting back is, I think, he is certain that nobles will side with him.
Even if everyone unites together, it will be hard to repel possible invasions.
Now R ng l e is about to be d v ded into two The future s dark
And the nobles on the other hand w ll have to support the k ng on surface
But wasn't the Barder training their own army even before Bil's issue came up?
If miss Barder became the queen, I think his army would have become the queen's.
The Barder s a power hogger Now that h s daughter cannot be the queen he s go ng for the throne itself
Our k ng has declared war on the most fearsome enemy

www.janimes.com

Our king could have become one of the greatest king in history of any country
f he hadn't held edge of the sword
I tr ed to prevent th s
But I fa led We Va da w ll also have to pay for th s
Prepare for the worst
Leo

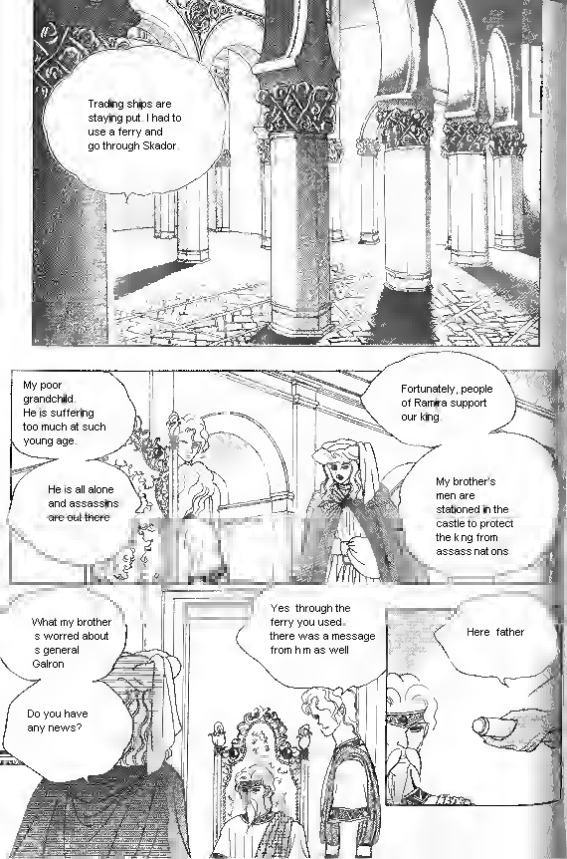
That's enough, Dayna !
I can't help it. I mean it's unfair !



The engagement is over ?
That's it ? Who does he think he is ?

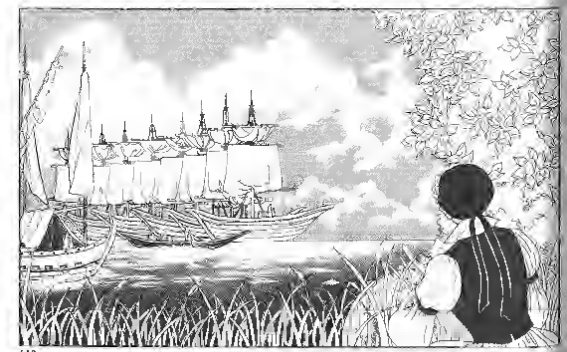
Don't let mother know
Don't tell me you already told everyone ?
The ones that heard the conversation between the lord and you were me and few other maids. But your mother will find out sooner or later.

She doesn't have to know right now.
That is not the issue to focus on!
Anyway, these herbs are insanely good. The wound is healing so much faster.
You will no longer be the queen! You lost to a mere commoner!
I could even walk without a cane in few days
Don't you feel resented?
I am sure no other woman is smarter and prettier than you
So nosy and wouldn't leave
Enough!
I am going out. Give me casual clothes
I threw them away
Fine fine I can't win anyway
Good, you are easy to deal with today



Trading ships are staying put. I had to use a ferry and go through Skador.
My poor grandchild. He is suffering too much at such young age.
He is all alone and assassins are out there
Fortunately, people of Ramira support our king.
My brother's men are stationed in the castle to protect the king from assassinations
What my brother is worried about is general Galron
Do you have any news?
Yes through the ferry you used, there was a message from him as well
Here father

He s ready to go
What matters s to give hm the s gn in t me And for that Ramra s trade route must be re nitated
As soon as we f n sh tra n ng mercenar es we w ll send escort sh ps along with trade sh ps
I f nd it surpr s ng that Skador and Anator a let Ramra h re mercenar es They are very sens t ve about Ramra hav ng more army than they already have
Due to A S R treaty they have to either shell out the r own men or let us h re mercenar es They chose latter
If my country had some powers
Gairon wouldn't have to leave and B yon wouldn't have to suffer



Leo

A b g scar on face
And the way you walk
Looks like your leg has gotten better
You came to scout the port?
Do you ?

That s a we rd way to change subject
You escaped my quest on that n ght as well
I had to leave You closed the w ndow on purpose
I was not go ng to let a strange l sten to some sensit ve story about polit cs
Polit cs. huh
You are from Anatol a aren't you Your accent tells me so
Sharp you are Some lady I know doesn't know such
I encountered many Anator ans That s how I f gured it out
So I suppose you aren't on the leng s s de Why are you spy ng on my father ?

I am just curious.
And I am supposed to believe that?
It's your choice.
That s all
Then why are you here?
You steal You k ll and now you scout
The money you took it s more than enough to spend for rest of your l fe
My father used to tell me that f you know too much, it means your death s closer
I can't d sagree with that
Especially n th s country

www.janimes.com

Born as a woman
Knowledge means nothing
dreams mean noth ng
Women's fate s depended on men
Even f I am from noble blood I am noth ng without my last name
Men with low ranks suffer as well
If they order us to d e we d e
If I order you to k'll someone
Will you ?

If you want more money, then you will get more.
You told me to make sure that your opponent is dead, right ?
If you want a higher rank n soc ety I can g ve it to you
If you can kil
someone for me
I w ll g ve you anyth ng you want

프린세스 Princess

You can have anything you want.
You can kill anyone you want. Yet, there is someone you haven't gotten rid of ?
Wasn't it that you could do anything you want ?
I want the someone
to d sappear wthout letting anyone know
So, your des re to kill th s "someone" s strong
it makes me cur ous even
Do you want to know ?
Once I tell you who you w ll have to do it

I guess it can't be helped that your tune always contains arrogance.
But I have no obligation to follow your order. I will decide after you tell me
Then I won't tell you.
I can't trust you enough
So it s someone of extreme mportance
And it must be someone on a h gher post on than you are
Is it the king ?

No..it mustn't be the king
You are his fancee You wouldn't want him dead
The king
That s not so bad idea
I have enough reasons to kll the king

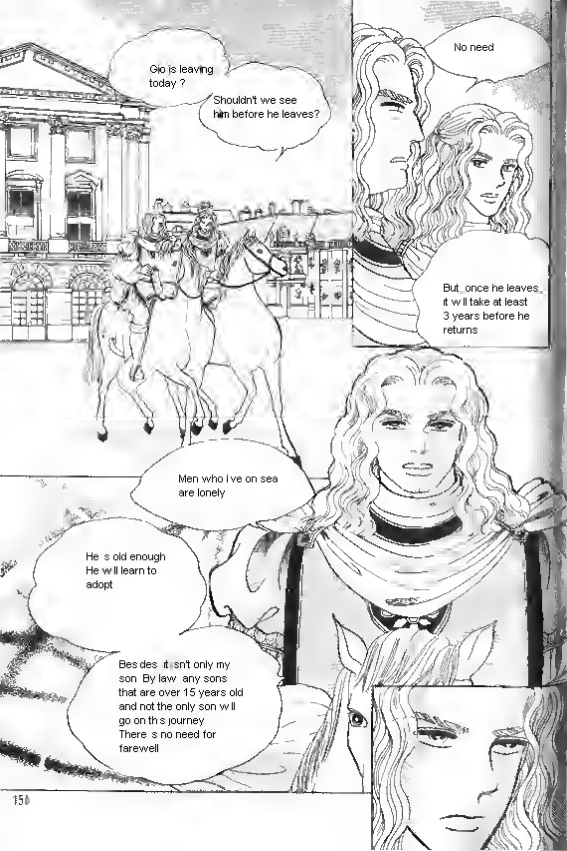
But
It's not the king !
After all these years, he broke the engagement
But if he dies Ramra will fall
I don't think so If he dies. I am sure such an ambitious person like the prime minister will take over the throne right away and act as if nothing happened
As far as I know the only reason that there aren't much attempts to kill the king of Ramra is that

There isn't much money in kill him at all. It's not really worth the risk to kill him.
On surface, Ramira is monarchy. But the core structure of the government is republic.
Even if the king dies, by the council a new leader will be chosen almost instantly
So, if the king dies even before anyone knows, the council will vote for a new leader and the prime minister who has worked pretty much hard since the former king will likely be the one
So he broke your precious future I am sure you have enough grudge
Or did you love him?
The king?
I loved who?
The king?

If there is anything I am proud of,
that is that I didn't love the king.
The reason that the king shouldn't die is that people of Ramra respect and love the Pyorodoba
Perhaps it's because of the fact that Ramra is surrounded by great threats. Either way, if a noble family kills the king, people of Ramra will kill the noble's family for the revenge.
It's certainly different from some country that changes king for their benefit and greed
We are going off topic
Let's stop at here

Wow,
3rd brother -
Giovanni Vaida
The future admiral of Ramira. (The sea Dragon)
You are all dressed up Where are you go ng ?
Hro..I won't be see ng you for a wh le You take care of father and mother okay?
Where are you go ng bro ?
www.janimes.com

Idot..he's going to the sea
The sea? But he isn't 15 yet
Father said I could Normally I would have to be 15 years old but Ramra needs more solders now
I am going to learn sailing as fast as I can and become a captain and then the admiral
I am going too!
You've got a long way to go kiddo Get taller first and don't get sick anymore okay ?
Goi are you ready ?
Yes mother



Gio is leaving today ?
Shouldn't we see him before he leaves?
No need
But once he leaves it will take at least 3 years before he returns
Men who live on sea are lonely
He is old enough He will learn to adopt
Besides it isn't only my son By law many sons that are over 15 years old and not the only son will go on this journey There is no need for farewell

Is he going to be aboard with mercenaries ?
I guess so
Is his swordsmanship good enough?
He is a little too young to fight pirates
He is Vada
If he can't make it then that's it for him

So
I have to part c pate n the party
And I have to dance
And I have to dance wtth th s "Lala"
And I have to stay wtth her unt l the party ends

What else ?
And have fun
I will think about your requests
You are not going to go hunting and skip this party
Will you stop ?
Because you wouldn't talk to me otherwise
I've been out for days and you strike me from the gate
Now that I am done you can have your time

No,
No,
You take one tempo late and then turn

Sibel, I told you to take one tempo late and sit softly
Will you do it right ?
I don't want to do th s I want to go outs de and play

Just one more time, please ?
Aunt e.. you suck at th s and keep yell ng at me
That s why I am pract c ng
You step on my feet too much ! I am leaving !
Sibel !

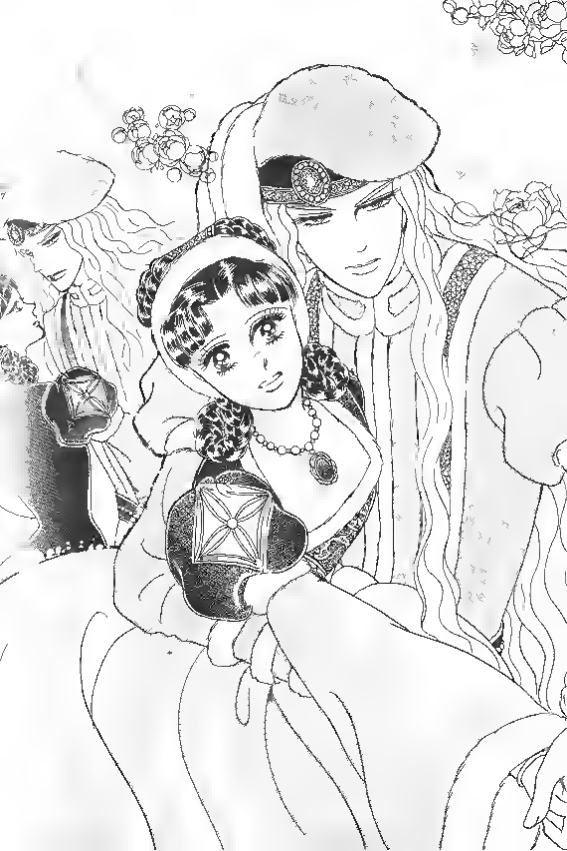
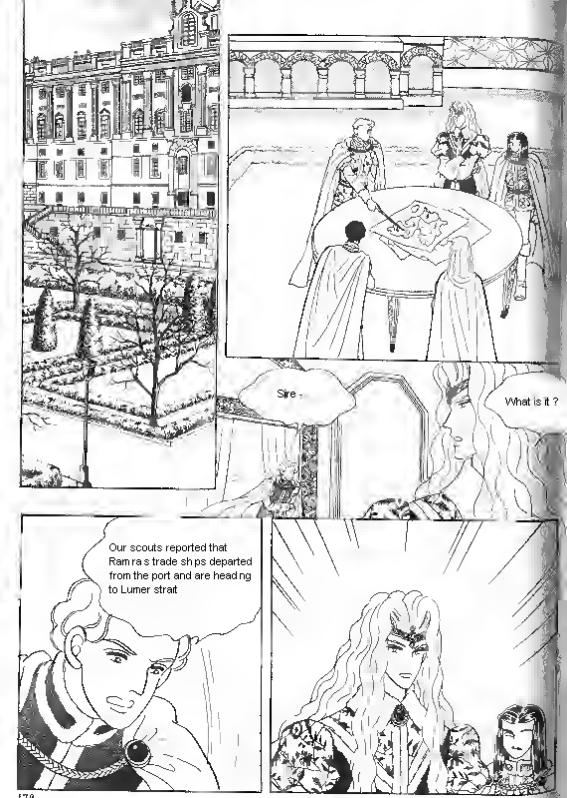
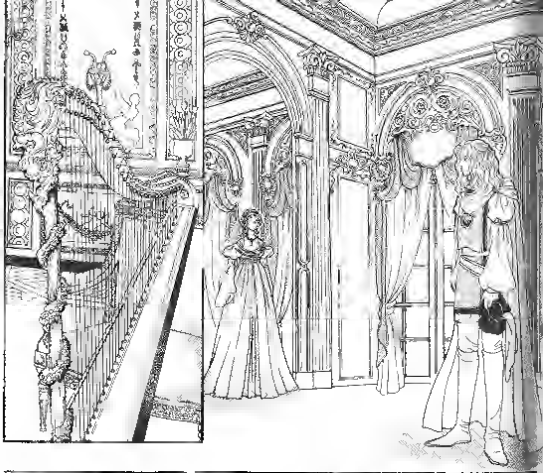
Well I must say that the king dances well

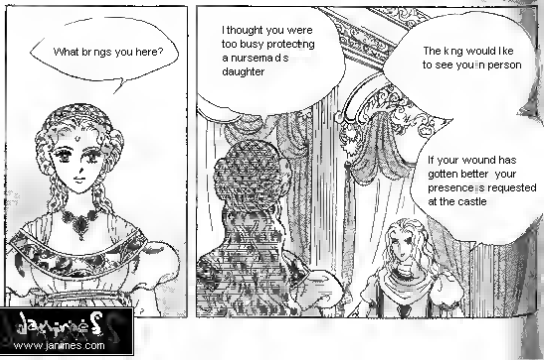




Sire -
What is it ?
Our scouts reported that Ramra s trade sh ps departed from the port and are headng to Lumer strait

Lumer ...
It's too late, sire. Our naval skills aren't good enough to be able to sail there.
I didn't expect this though. Lumer strait is a very tough route to sail. Even Ramira trade ships avoided the path ... until now
Sire
What's it now?
King's letter ?
A messenger from Ramira's here
He says he's with the king's letter



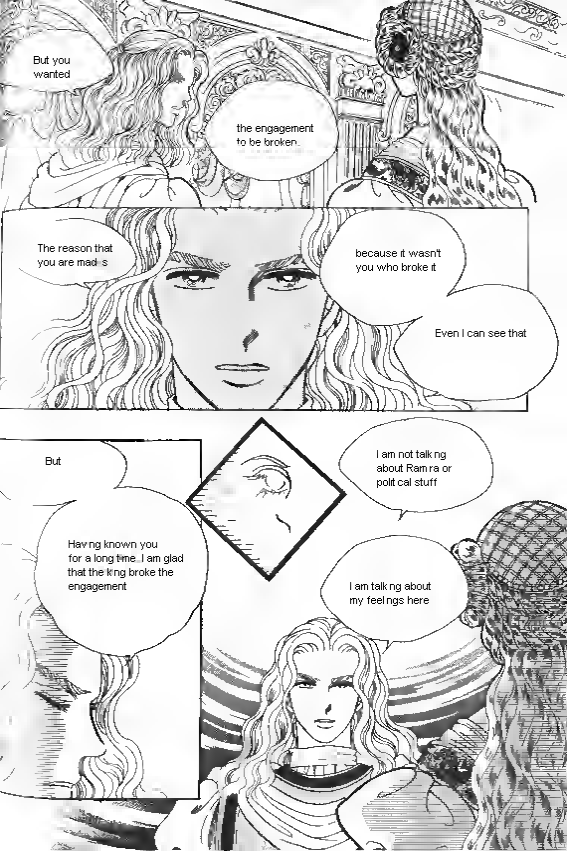


What br ngs you here?
I thought you were too busy protecting a nursema d s daughter
The k ng would l ke to see you in person
If your wound has gotten better your presence is requested at the castle

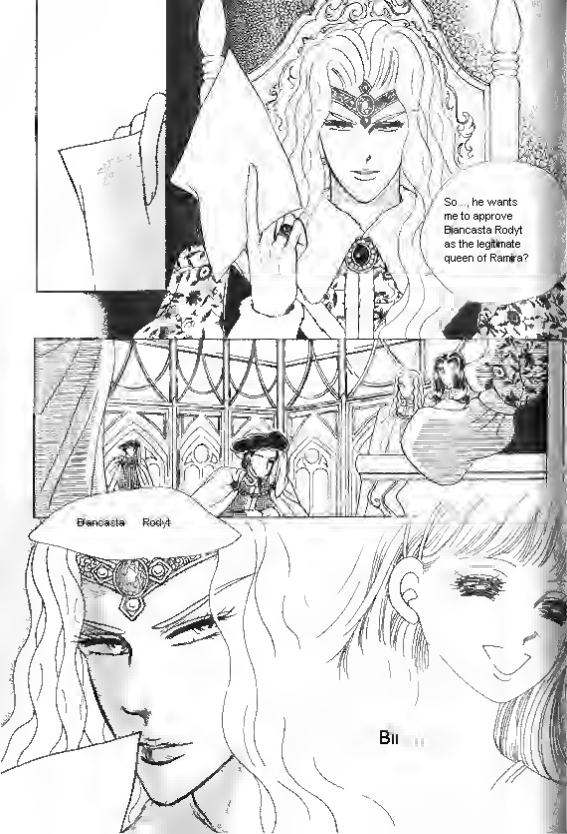
www.janimes.com

Why would I be wanted by the king?
If I refuse ?
Miss !
Tell h m that I am so s ck that I can't even move
He stated that he w ll come here f you don't
He w ll come here ?
Outrageous !
Isn't breaking the engagement enough? Is he go ng to k ll me now ?
Why should I meet the k ng at all now ?
He s try ng to apolog ze to you

What if there s no need ?
He was going to do this anyway.
I was only there for the eyes of others until the bitch was found.
Eshld i
Ramra couldn't accept a woman from nether Skador or Anatora
They needed a third choice and I was it wouldn't have mattered who was his so caled fiancee
Apologize ?
What difference does that make ?
I know that your pride s hurt
You never wanted this marriage to happen
Someone like you I understnad that how much pride you have and what it means to have it broken

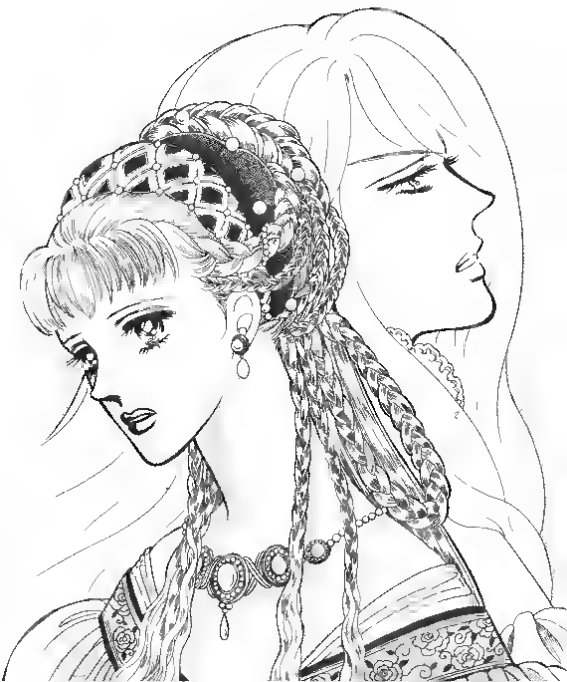


But you wanted
the engagement to be broken
The reason that you are mad is
because it wasn't you who broke it
Even I can see that
But
I am not talking about Ramra or political stuff
Having known you for a long time. I am glad that the king broke the engagement
I am talking about my feelings here



So..., he wants me to approve Biancasta Rodyt as the legitimate queen of Ramira?
Biancasta Rodyt
Bii

프린세스 Princess



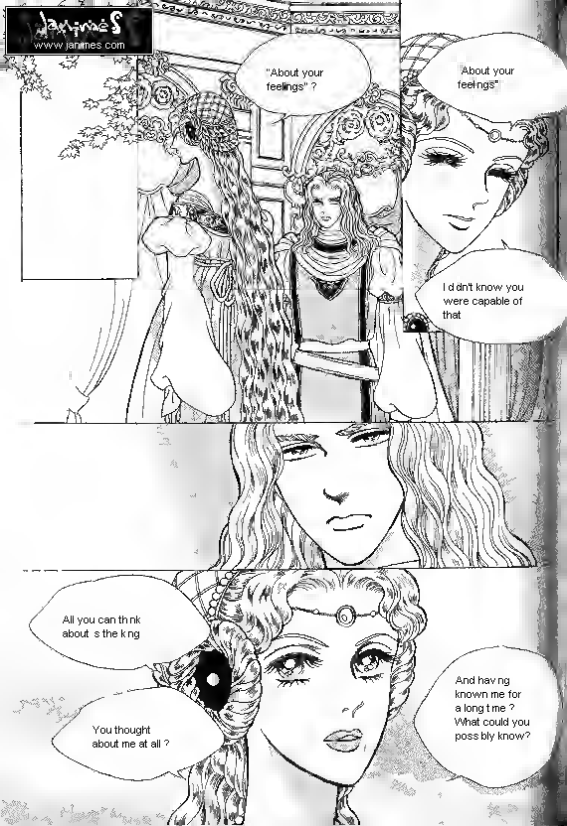
So, you've managed to get there.
So you aren't like your father huh Byon
Normally a king would choose his queen by fame and wealth
You are willingly abandoning those two and choose Basil ?

So, according to this, he is willing to provide 50,000 sandera and two ships worth of other goods.
I wonder how much s going for Skador
I do not know that your highness
I was only order to come here with the letter
It must be from the king s personal asset
Fine I will approve if he gives me one more
He will give me his ex-fiancee, the Barder
She won't be the queen though She will just be a mistress !

Sire !
No way would I take an abandoned noble woman as a queen
It w ll be hard for her to marry anyone normally n Ram ra elther

Let s say I am do ng th s for good
Now B yon
What are you go ng to do now ?

Jasmines
www.jasmines.com



"About your feelings" ?
"About your feelings"
I didn't know you were capable of that
All you can think about is the king
You thought about me at all ?
And having known me for a long time ? What could you possibly know?

You are not a type who accepts your fate.
Forc ng you to l ve how people want you to l ve s the same as suffocat ng you
You w ll either end up be ng m serable
or run away from your fate
Perhaps you m ght even choose to commit suc de

So, you know me well
Then why did you not do anything to stop the king from doing this ?
The king is just as much miserable as you are
He knows circumstances for his actions.
If he chose you regardless of his true feelings, he would have been much more miserable than you are.
While knowing his fate, if he willingly embraces another miserable soul, then what could I possibly tell him ?
So, Ryan Vaida, in another word, my opinions mean nothing at all, doesn't it.

Even if it wasn't for my good,
you wouldn't have done anything. You are a passive person. You won't do anything until it is too late.
Unless it's for your king, you won't do anything
If you don't feel need for taking any actions
then no your opinions won't matter
I didn't say that
I am talking about your actions
What did you expect me to do ?
You were the king's woman

Not anymore
Not anymore
I am no longer the k ng s f ancee

If my social status restricted your actions,
It is gone now. What are you going to do now ?

You are not going to do anything, are you ?
It doesn't matter who I am and where I am. You won't do anything!

If you weren't Barder ...
So, what if I am Barder ?!
You do know what your father is tryng to do!
If your father
and my father draw ther swords at each other

You -
Which side will you be on ?
Don't you th nk me do ng noth ng s
s better than you hav ng to make a cruel cho ce?

I repeatedly told me that you were sleep ng
Have you forgotten your manner ?
Yes?
Ah, yes, of course.

What... brings you here ?
... I had some questions.
... I forgot
so small...
Are you afra d of me ?

N..no
No ....
It's good then.

Women of Ramra radiate a strange aura
Unlike women of Anatora who are tall and big
Furthermore, black eyes
Pure black hairs that shine in a strange manner

Anyway I ve let her know of my ntent on of apologiz ng So let s wait and see

Even if it is someone of a great sin and is someone who must be killed ?
You have my word
